

	Topic/Objective:	Name:
	Ch 12 Experiments & Observational Surveys	Class/Period:
	<b>PART 1</b>	Date:

Essential Question(s): **How are experiments & observational studies structured?**

Questions:

*Write 3-5 study questions to correspond with the definitions*

Directions for the Cornell Notes:

**1) Read pages 305-310** (plain white indented text, skip colored boxes)

**2) Define all of the bold words on pages 305-310**

*Add any examples or diagrams to help you with the words*

*Remember these notes are to HELP YOU, so write anything down from the reading that you may need to understand the material and use on work.*

**After doing the reading and notes, come to class with any questions about the material for me. Write these on the left side of your notebook, and take notes only on the right. I will do my best to address these questions in class or at study hall.**

Summary:

(In a well-written paragraph)

**Answer the essential question by summarizing ch 12, part 1**

Use proper writing techniques.
